

**Economic Driving School** is committed to the health and well-being of the local Bay Area communities. We appreciate the trust you have placed in us as you begin your journey in driving. In the face of the coronavirus outbreak, we would like to share with you the continued steps we are taking to help minimize the impact of COVID-19 on our customers, employees and the communities we serve.

### **Riding It Out Together - Supporting our Students**

We are reaffirming our commitment to you, your health, and driver training success. Our driving school continues to closely monitor the situation and communications from local, state and federal agencies. We have also created an action plan to ensure we take steps in providing a healthy learning environment for all our students and instructors.

Eight Bay Area counties, including **Santa Clara** and **San Mateo**, have extended the "*shelter in place*" order for all residents through **Sunday May 31**.

As such, our driving school will be complying with the order and we will be postponing all driving lesson appointments currently schedule between **Tuesday, March 17, 2020 to Sunday, May 31, 2020**. Our instructors will reach out to all students individually to assist with rescheduling to the best date and time that will work. We thank you for your patience and understanding as we work to protect our community.

Doing right by our students is important to us. We are here to support you and ride it out together. Our Driver Training teachers will be happy to assist with any additional questions about our training timeline, safety practices and/or scheduling.

For more information on COVID-19, please go to official resources (such as the CDC) for the most current up-to-date information and resources.

## **Safely Delivering Driver Training**

Rest assured, our driving school is dedicated to providing a safe, reliable, and quality training experience each and every time. This includes:

- All Driving Instructors showing any signs of illness are instructed to stay home and away from the workplace.
- Our driving school provides hand sanitizers and anti-bacterial wipes for usage in each car for before & after each lesson.
- Economic Driving School actively conducts general cleaning & car washing of each training vehicle on a weekly basis.
- We ask that any students that are sick or showing signs of illness to please contact the office as soon as possible and reschedule the lesson appointment. Our office will be happy to assist with rescheduling for a later date and time.

We appreciate your business and look forward to continuing to serve you. And please feel free to contact [information@economicdrivingschool.com](mailto:information@economicdrivingschool.com) with any questions.
